

HIGH SCHOOL *Smart*Class

Gain your High School Diploma online at your own pace,
with the help of your dedicated High School Advisor

High School *Smart*Class is an innovative program which offers more than just online learning. It allows students to complete their High School education by earning a recognized US High School Diploma prior to starting university studies.

Students learn through an accredited, multimedia rich curriculum. Crucially, they always have direct personal access to a Kings High School Advisor throughout the program. This ensures a rewarding, individualized private high school experience.

The curriculum offers structured flexibility. It starts directly from the point reached by each student to date, with weekly start dates possible. Students can learn at their own pace and have up to one year to complete the program.

The program provides access to more than 100 rigorous courses, including core subjects, AP courses, dozens of engaging electives, and five world languages.

Academic Syllabus

Academic modules are delivered online.

The curriculum balances independent (asynchronous) learning with live (synchronous) sessions to deepen understanding. Learning is facilitated through remote monitoring by a personal Kings High School Advisor.

There are approximately 20–25 hours per week of remotely monitored structured study. This is dependent on the credits needed for program completion and carries on from the point students have reached at their home high school.

Support team

In addition to your personal Kings High School Advisor your support team includes teachers, Guidance Counselor and Registrar.

Your teachers will respond to any questions within 24 hours. They will provide grades for your submitted assignments within 3 working days.

Assessment

Students complete a variety of assignments within the course. Assessment of these leads to the award of their final course grade.

Learning clubs and activities

You can also take part in virtual learning clubs and activities with fellow students. There are over 40 to choose from including an online student-produced newspaper, Photography Club, Book Club and the National Society of High School Scholars.

You also have access to discussion boards so you can share experiences, hints and tips with other students.

Learning Outcomes

- Complete High School education with recognized US High School Diploma in readiness for an undergraduate program
- Raise English to level required for undergraduate study

Scholarship Opportunities

The **Kings Changing Lives Scholarship Program** recognizes exceptional student achievement at key life changing moments in their life.

As part of this, two valedictorians in each academic semester of the High School *SmartClass* will be offered scholarships at the point at which they transition to university through the Kings Premium Universities program. Scholarships are awarded for transfer to university as follows:

- **The College of Mount Saint Vincent: \$2,500**
- **University of Wisconsin Fox Cities: \$2,000**
- **California State University, Fullerton: \$1,500**

Section 3: Your Kings High School Advisor

The Kings High School Advisor plays a crucial role in your development. They are the difference between a standard online program and a rich, personalized learning experience which is focused specifically on your needs and abilities.

The added value services which the Kings High School Advisor provides for each student are delivered from start to finish:

- **Before your Program**
- **During your Program**
- **After your Program**
- **Your university options**

During your Program, you can expect as a minimum:

- **Daily:** Unlimited access to your Advisor via online chat/email/social media
- **Weekly:** A personal call to discuss your progress and offer guidance and support
- **Monthly:** An official progress report to you and your parents

If you need more access to your personal High School Advisor this is available to suit your needs.

Next Steps

After you have completed your High School *SmartClass* Program and gained your Diploma you can ask your Advisor about university options with Kings.

Completing the program successfully ensures you will have a conditional guaranteed offer from one of the Kings Premium Universities:

- **California State University Fullerton**
- **College of Mount Saint Vincent (New York)**
- **University of Wisconsin Oshkosh**
- **University of Wisconsin Fox Cities**
- **Pine Manor College (Boston)**

You can also ask your Advisor about scholarship opportunities and guaranteed transfer offers to Top 100 universities, including the University of Wisconsin–Madison (ranked #46) and the University of Rochester (ranked #29)!

Section 5: How to book

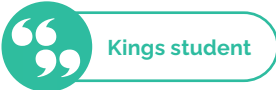

We've made booking a **SmartClass** course as quick and simple as possible:

[Book course →](#)

Notes on bookings

- Students must book at least one week prior to the course start date (excluding weekends)
- If an official English test score is not available, students must first take the Kings level test online to confirm their current English level. This must be taken under exam conditions without dictionary/internet assistance. Please submit this with your application for the most efficient response.
- If the minimum level of English is confirmed, a provisional enrollment confirmation will be sent within 24 hours.
- The following documents must be included as part of the booking:
 - All academic transcripts beginning with Year 9
 - Copy of ID
 - Proof of English Proficiency (if available)
- Students will receive final details of their transcript evaluation and the credits needed for graduation 24 hours before the start of their course, along with login details to join the program.
- Payment can be made via our online payment platform or by bank transfer/credit card. See our [How to Book page](#) for further details.

"(High School *SmartClass*) is a program which can help you finish high school in as little as three months, if you have successfully finished grade 10 in your country

"My teacher at Kings can see and check my progress from the teachers account and if they notice any problems, I get an email or a message and they discuss these problems with me.

"My first goal is to finish the program with good marks and also have good mark in my academic English class. I do not know what major I am going to choose in the college yet."
