It is also where two peoples and two cultures came together in friendship and discovery – the Nez Perce Tribe and the Lewis & Clark Corps of Discovery.

LCSC is one of the top public comprehensive four-year colleges in the West, with its beautiful campus, small classes, and superb faculty, LCSC is often described as a public institution with the feel and quality of a private university.

There's plenty to do in the Lewis-Clark Valley and surrounding region. Float the same rivers as the Lewis and Clark Expedition. With our mild winters, you can choose between golf or taking a short drive to carve up some turns on your favorite ski hill. More than 25 miles of biking/walking trails follow the river. World-class fishing, a disc golf course, skateboard park, and four golf courses are just the beginning of your outdoor recreation choices. Our campus Float & Tote Rental Center offers water, trail and snow gear for whatever adventure you plan. Theater, arts, and music are an important part of the community's culture. Experience and enjoy, or choose to participate in open-mic nights, civic theater productions, and art shows.
