Since its establishment 28 years ago, The One Academy has stayed true to its core values and practices the **“Masters Train Masters”** teaching philosophy, with the belief that world-class students can be cultivated through an education enriched by international industry professionals & leaders. We have nurtured many who have gone on to accomplish tremendous global achievements worldwide. At present, we have brought together hundreds of experienced and enthusiastic creative professionals to educate and empower our students.

Besides being awarded The BrandLaureate Awards as Best Brand in Creative Education for 3 consecutive years, we were also named ‘Best of the Best’ creative institution of higher learning in Malaysia and Singapore. The One Academy was honoured as Creative School of the Year by the industry and was recognised as one of the World’s Top 10 Best Digital Art Schools by The Rookies International last year. As the college continues to gain higher merits year by year, it is clear that student achievement is our top priority, ensuring the goal of becoming Asia’s No. 1 is within reach!

Our new campus which hosts RM150 mil worth of latest technologies & advanced facilities is located in a strategic area which is easily accessed through the Federal, KESAS, LDP and NPE highways. In addition, there is an interchange station for KTM, LRT and BRT just next to us. We warmly welcome you.
